WELCOME TO CAMPBELL FARMS . . .

The home of the Grant Campbell family on Campbell Farms.

A Wonderful "Shorthorn Holiday Weekend" Awaits You

Saturday, August 30

Third Annual Campbell Farms All-Imported Sale at the farm near Moffat, Ontario. Moffat is twelve miles southeast of Guelph, 42 miles from Toronto.

Sunday, August 31

You can see more famous herds in a day's tour of the Toronto area than anywhere on the continent. The welcome mat is out at all of these farms. They will be looking for your visit on Sunday.

Monday, September 1

(Labor Day in the United States). This is the day that Shorthorns will be judged at the Canadian National Exhibition in Toronto. This show is second only to the Royal Winter Fair in Canada. Last year 140 head participated. An even larger showing is expected this year.

Hotels

The Royal Hotel in Guelph will be sale headquarters. We will be pleased to make your reservation there for you. Should you care to stay in Toronto, however, we can make a reservation at the Royal York or King Edward. Since this is C.N.E. time, however, Toronto reservations must be made well in advance.

TWENTY-THREE COWS WITH IMPORTED-IN-DAM OR CALROSSIE COCK ROBIN CALVES AT FOOT

This sale differs from all others in several respects. First, it is obvious from viewing the catalog that all the entries are imported with the exception of several that have calved here on Campbell Farms by our imported sire and out of our imported cows.

You will also notice that there are no open heifers in the offering. We realize that these sweet, highly fitted young things **are often the most profitable to sell**. However, our long experience has been that if one intends to build an annual event that lasts, it is more important to have it filled to the brim with the kind that are **most profitable for customers to buy**.

The fact that we are selling twenty-three cows with imported-in-dam or Calrossie Cock Robin calves at foot and that the remainder of the females are all well along in calf speaks for itself. We get a big thrill out of watching our customers sell the calves for more than they paid for the cows. In connection with our 1950 offering this has been the rule rather than the exception, and already there have been a number of instances where the calf at foot in the 1951 sale has sold for more than the cow.

Our every effort will be bended towards making you a satisfied Campbell Farms customer, too.

how do I get there . . . ?

Campbell Farms is easy to reach. It will be merely an overnight trip by train each way for midwestern and eastern breeders. For example from Chicago take the Canadian Pacific (New York Central Station) leaving Chicago at 7:35 p.m. C.S.T. This arrives in Moffat (change Guelph Junction) at 7:30 a.m. You can get a train back in the evening that will arrive in Chicago at 8:10 a.m. Schedule from eastern cities to Toronto, similar. We will be glad to meet you in Toronto if advance notice is given.

The main Toronto airport (Malton) is 35 miles from the farm and upon request we will meet you there. Toronto is a two hour flight from Chicago with several daily flights. Those wishing to hurry home after the C.N.E. judging could make the 2:55 p.m. flight arriving in Chicago at 4:25.

There is no more beautiful time of the year to drive. Should you care to do some sightseeing remember that Niagra Falls is only 90 miles from the farm.

how do I get 'em home?

Of great concern to buyers at any sale is the cost of getting cattle home. This depends largely upon the attitude of the seller in keeping cattle until combination shipments can be made. Campbell Farms has the reputation of cooperating 100% in this matter. Cattle sold to go to Western Canada and the Maritimes can be held at the farm free of charge until the Royal Winter Fair when shipment can be arranged with fair exhibitors. Cattle will also be held free of charge for pool shipments from the annual October sales of Messrs. Russell, Gray, Law, Beath, Deacon, and Murphy.

WHAT ABOUT THE EMBARGO ?

Early in the year cases of foot and mouth disease were reported in Saskatchewan (2500 miles from us). The condition was immediately isolated and brought under control. We momentarily expect an announcement by the Department of Agriculture declaring the entire country free of foot and mouth. At this writing, however, the United States embargo on Canadian shipments still exists. Although the resumption of normal trade seems at hand, we cannot forecast exactly when the embargo will be lifted. Purebred sales are being held in Canada frequently, U. S. buyers participating, cattle to be held here until shipment can be made.

We had to decide whether to postpone this sale until the embargo was lifted or to hold it at our regular time and keep the cattle that could not be shipped.

Since both alternatives required holding the cattle it boiled down to a decision whether to keep the cattle and sell them ourselves later further in production, or to give our customers the benefit of purchasing them now and giving them the gain that will come through production advancement.

Thus we decided that all cattle purchased in our Third Annual Sale that cannot be shipped because of the embargo will be kept at the farm **at our expense** until shipment can be made. With this grand group of cows and calves, bred heifers, and young bulls, alert buyers will recognize this as a once-in-a-lifetime opportunity.

Guarantee

1. Proper care should be given by purchaser to protect breeding qualities and health of animals. Any cattle in this sale that are fitted for exhibition purposes by their new owners are excluded from the following guarantee.

2. All bulls are guaranteed breeders. If bull when sold is 14 months of age or over and fails to breed, he must be reported within 6 months. If under 14 months of age when sold and fails to be a breeder, he must be reported at the time he attains the age of 20 months. A bull shall not be allowed to serve when under 14 months of age or be allowed to run with the herd when under 20 months of age.

3. Cows sold with calves by side are considered proven breeders. All other cows and heifers sold as a single lot are guaranteed breeders, except calves sold by side of dam as one lot and heifers under sixteen months of age at time of sale. Heifers shall not be served for first calf by heavy or old bull. Cows and heifers over three months gone in calf, according to service date furnished at time of sale, but not proving in calf, must be reported to seller within three months from date of sale; all others served within three months of date of sale not proving in calf or not settled must be reported within six months. Heifers not settled when twenty-two months of age shall be promptly reported. Heifers over sixteen months of age sold open, not settling within six months of date of sale, shall be promptly reported.

The best guarantee is a heifer springing or a young cow with calf at foot.

Right, a
Calrossie Cock
Robin calf.

4. Any animal not proving up to foregoing guarantee shall be replaced with another of equal value at the time of purchase to the satisfaction of the purchaser, or the purchase price will be refunded at the seller's option, but the seller may, if he desires, have the animal returned for retrieval after a period not to exceed six months. The expense of return freight in such case is to be paid by the seller. If the animal is proved to be a breeder beyond doubt, it shall be returned to the purchaser at his expense. In case the animal proves to be not a breeder, then the purchaser shall be given the option of having purchase price refunded without interest or of accepting a substitute as stipulated above. Salvage to go to the seller. No charge for feed or maintenance shall be made by either buyer or seller.

5. A certificate of registry in the Canadian Shorthorn Herd Book will be furnished with each animal. Any animal in this sale can be registered in the American Shorthorn Breeders' Herd Book.

6. We will not be responsible for accidents that may occur. As soon as cattle are sold, they are at the owner's risk, but every care and attention will be given them, and they will be loaded free of cost. Neither the Sale Manager nor the Clerk assumes any liability, legal or otherwise.

Naemoor Cinderella 3d. Grand champion female 1949 Royal Winter Fair. Exhibited by Campbell Farms. Sire, Calrossie Baronet. Dam by Cruggleton Prince Bob. Another of the many great imported-in-dam calves to drop at Campbell Farms. She is now owned by Kenneth Kettenhofen, Elkhorn, Wisconsin.

Duncan Campbell, one of the third generation at Campbell Farms, here receives the trophy for grand champion steer over all breeds King's Guineas Division 1949 Royal Winter Fair.

The Campbell Record

While Campbell Farms is one of the oldest breeding establishments in Canada and their show ring record, including an International grand champion, is long and impressive, it is their present phase of breed improvement that will, no doubt, be uppermost in the minds of future breed historians.

Five years ago, Grant Campbell, whose principal business has been Shorthorns since 1928, embarked upon a program to bring Scotland's best to the doorstep of North American breeders. Study the record these cattle have made in this short span of time! His own show herd, and that of others made stronger by purchases at Campbell Farms, have proved the stiffest competition for the first prizes and championships at the Canadian National, Royal Winter Fair, and International.

To tabulate the impressive list of outstanding calves popping up all over North America by virtue of this program would be impossible. Grant Campbell is one of the shrewdest cattlemen and cattle judges. No one has traveled more extensively or understands better the herds and breeders of Scotland. Study this catalog thoroughly. You will soon recognize that here you have opportunity to capture the efforts of Scotland's master breeders.

WE URGE YOU TO VISIT OUR NEIGHBORS

The 1952 Perth champion Calrossie Perfect is just one of the many good ones you'll see at Scotsdale Farms, owned by Mr. and Mrs. S. G. Bennett, Georgetown, Ontario, 18 miles from Campbell Farms.

Louis Cadesky's Louada Farms is rapidly achieving world-wide recognition. Above is the bull we purchased for them at the 1952 Perth Sale, Calrossie Armada, at a cost of 7,900 guineas. Farm near Peterborough.

Scene in the Briardale herd owned by Col. and Mrs. Torrance Beardmore, Mono Mills, 28 miles from Campbell Farms.

As always, the welcome mat is out at the Toronto-area Shorthorn herds. You can see more famous herds in a day's tour of the Toronto area than anywhere on the continent. Of course, it isn't possible to see them all in a day, and nothing would please us more to have you plan to spend your vacation in this area receiving a real Ontario Shorthorn education. You will obtain a preview of many of the top individuals to be exhibited this year.

Sunday, August 31, the day between our sale and the C.N.E. judging will be an excellent day to do some shorthorn visiting. If you have your own car you can plan your own itinerary or we can help you. In the Shorthorn World there appears an Ontario Shorthorn map that will help you. If you do not have an automobile, please drop us a line now so we can have transportation available for you.

Keep in mind also that many of these herds will be participating in sales of their own later this fall and others in The Sale of Stars. Why not plan to come a day or two before the sale so that we can go through our pastures with you and talk Shorthorns?

In any event you can be sure that this will be a "Shorthorn Holiday Weekend" you'll never forget.

DID YOU KNOW THAT . . .

In the 1949 International sale, Campbell Farms sold a young imported Bantaskin heifer by Bapton Compensation to Kenneth Kettenhofen, Elkhorn, Wisconsin for \$1,400. The first calf from this heifer was Westmere Compensation, sold by Mr. Kettenhofen to Marellbar Farms for \$5,000.

* * *

Scotfield Ranch, Austin, Texas had a record breaking \$2,160 average this year. Many of the top selling cattle were sired by Uppermill Conqueror, purchased by the Scotfields from Campbell Farms for \$5,000. Uppermill Conqueror was the sire of the \$10,000 top bull, Red Lady's Conqueror and females that sold for as high as \$3,500.

* * *

In our 1951 sale Mr. and Mrs. Chas. Butland, Union Grove, Wisconsin bought Cromleybank Princess Royal 11th with a two-week-old calf at foot sired by Crugleton Prince Bob. They paid \$1,375 for the pair. This year the Butlands sold the calf at nine months in the Marellbar Invitational for \$3,500 to Edellyn Farms.

The original Campbell herd foundation was bought in 1920 by the late Duncan Campbell. Twenty-seven females in it cost an average of \$2,400.

* * *

The 1949 Royal Winter Fair grand champion female was an imported-in-dam heifer developed at Campbell Farms and exhibited by us.

The \$10,000 Red Lady's Conqueror

The reserve senior champion bull, 1949 Royal Winter Fair was Garguston Grand finale, purchased from us by George Lasby, Guelph, Ontario. His get in 1951 were prominent show winners.

* * *

In 1937 Campbell Farms showed the International grand champion, Campbell's Command.

* * *

Scotsdale Drummer, owned by John Turner, Broadway, Virginia, second prize of 21 junior bull calves in the 1949 International was out of a cow we imported and sold to S. G. Bennett. Drummer's first calf stood fourth in a class of 27 at the 1951 International and sold for \$1,475. Another from his first calf crop sold for \$3,100, in the Hi-Ho-Willomoor sale.

* * *

The bull on the cover of this catalog, Camson Prince Bob sold for the \$8,000 top of last year's Sale of Stars by us to Femco Farms, Breckenridge, Minnesota.

WE POINT WITH PRIDE TO . . .

They also bought for \$10,000 the imported-in-dam junior calf, Camson Good News. Watch these bulls! Don't take our word for it, ask the folks who have seen them at Femco lately.

* * *

Everyone is talking about the son of Calrossie Good News, owned by William McLean & Sons, Kerrwood, Ontario. This bull was purchased in dam from Campbell Farms.

* * *

The grand champion female, 1951 Cana-

Garguston Grand Finale

dian National Exhibition, imported-in-dam, Cluny Pauline, was out of a cow sold by us to Colonel Torrance Beardmore, Mono Mills, Ontario. This is just one of the many outstanding imported animals they have purchased from us.

* * *

Millhills Festival, the good breeding bull in the herd of W. A. Culbert & Sons, Dunganon, Ontario, is another Campbell import as is their outstanding young imported-in-dam junior herd bull that they purchased in dam in our 1950 sale.

* * *

Lomart Bolido, reserve champion, 1951 Royal Winter Fair, owned by J. A. Goetz, was purchased in dam from Campbell Farms.

* * *

Two of the most highly regarded bulls in Western Canada are Aldie Supreme and Calrossie Dazzler, sire of the 1950 International grand champion female. Both were imported by us for S. K. Berry, Lashburn, Saskatchewan. The first four

calves by Aldie Supreme averaged \$1,475.

* * *

Those who have purchased imported females from Campbell Farms since the inception of its policy of bringing Scotland's best to the doorstep of North American breeders would be a list of dozens of North America's leading herds. Already, the influence is wide spread . . . from Texas to Saskatchewan—from Florida to the Maritimes. Will you be one of those whose herd receives a transfusion of this potent blood from our Third and Greatest All Imported Sale?

Calrossie Cock Robin, withdrawn from the Perth sale as a stock bull at Calrossie, was imported in December 1949 for use at Campbell Farms. His sire, Kirkton Baronet, needs no introduction. The new dynasty he has built in Shorthorns the world over is known to all. The dam of Calrossie Cock Robin is described by Captain MacGillivray as the perfect type of female, typical of her sire, Calrossie Randolph. It is interesting to note that Captain MacGillivray particularly favors this family for a retention of herd bulls. As to the individuality of Calrossie Cock Robin, it is sufficient to say that many of the shrewdest cattle judges have gone away from Campbell Farms to tell their friends that in Calrossie Cock Robin we have a bull that can do great things for the Shorthorn breed in Canada and the United States. His breeding record is confirming their judgment.

Off To A Flying Start!

Camson Cock Robin 2nd—Sold to Herman Cirksema, Parkersburg, Iowa for \$2,000 in the 1951 International sale. A full brother to Camson Cock Robin 9th, selling in this sale.

Camson Cock Robin 7th—This stylish bull now heads the good herd of Kermit Hamaker and Sons, Marshall, Michigan.

With the Calrossie Cock Robins . . .

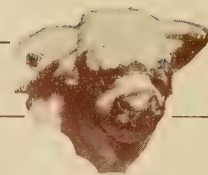

Camson Cock Robin 9th—Sells in this sale.

This will be the first year that we will have an opportunity to bring out the Calrossie Cock Robins in force. Pictures on this page are several from his first calf crop. Counting the calves at foot, there will be 15 head sired by him in the sale offering, in addition to many others here at Campbell Farms.

There is no point in indulging in superlatives to describe them when you can see what he is doing for yourself. We want you to make sure you see everyone of them so that you will get a true picture of their uniform excellence. Such prepotency is your assurance of success.

Watch the Calrossie Cock Robin stock soar after the big 1952 shows. We are certain that you will agree that we are off to a flying start with our Calrossie Cock Robins.

Camson Cupbearer—This imported-in-dam son of the famous Calrossie Cupbearer is probably the best imported-in-dam bull we have ever offered, and we have sold them in the five figures. From front to rear he is almost a complete replica of his sire, with the rear flanks, quarters and hind leg that will prove a great asset in any breeding herd. Calrossie Cupbearer didn't just sire one or two good calves. In 1950, eleven of his bull calves sold at Perth for an all-time high average of 2,258 pounds. Camson Cupbearer's pedigree is studded with the best bulls of the breed. His dam is retained in our permanent breeding herd and we confidently expect she will be a great breeding cow. Here is a show calf and in show condition.

Kirkton Grand Alliance—Wrapped up in this young son of the Kirkton junior stockbull, Kirkton Grandee, is more Kirkton Baronet blood than will be sold anywhere this year. His dam is an outstanding cow that was one of the highest priced females in the Kirkton dispersion sale last October. It should be noted that this is a direct grandson of Kirkton Baronet, out of a dam by Kirkton Baronet, and that the sire of the granddam is Calrossie Randolph, one of the greatest sires the breed has ever produced. With this wonderful combination of Kirkton and Calrossie breeding, we have an inheritance that is not often offered for sale in this country. The dam of this calf, Clipper Forget-me-not, has the head and general breed character that makes her a very valuable breeding female. She is being retained in our breeding herd. See her on sale day and then assess the value of this young bull calf.

CAMPBELL FARMS THIRD ANNUAL ALL-IMPORTED SALE

Ballechin Court Martial—Was the top priced calf in his class at the 1951 Perth sale. His sire, Millhills Climax, was junior champion at Perth in 1946 and sold for \$11,200, where he has made a great breeding record. In 1948 Ballechin Crocus Climax, (a full brother to Ballechin Court Martial) was junior champion at Perth and sold for \$13,500, and has since sired many winners and champions in the Argentine. The dam of these two bulls is Bapton Crocus 54th, a famous daughter of Bapton Air Pilot and often described as one of the finest Shorthorn females in Scotland. With his background of the finest Millhills and Bapton breeding, he is a prospective breeding bull of great promise. After his arrival in Canada last year, he was loaned to Beath Farms, Oshawa, Ontario. His calves at Beath Farms indicate that he is going to breed exceptionally well. Since his return to Campbell Farms he has been used freely. He has depth, bone, and substance and a wealth of smooth, natural fleshing.

Flash . . . Word has just reached us that Ballechin Crocus Climax has sired the 1952 junior and reserve grand champion at Palermo.

Camson Cock Robin 9th—In our opinion this is the best bull calf that has been born at Campbell Farms. His dam, Bantaskin Lavender 7th, is one of several females of the same breeding that we have imported and that have since developed into great brood cows. One of these is the dam of Westmere Compensation, the \$5,000 junior herd bull at Marellbar Farms that was first prize in the tough senior bull calf class at the 1951 Royal, and third at the International. Another young cow of this same breeding has produced a summer yearling heifer by Calrossie Cock Robin for Col. Beardmore that will be outstanding at the shows this year. Then we have two additional females of the same breeding that have been consistently good breeders. A full brother to Camson Cock Robin 9th sold in the 1951 International Congress sale to Herman Cirkens, Parkersburg, Iowa for \$2,000. This bull has continued to improve with age. We are offering Camson Cock Robin 9th with a confident feeling that he is one of those rare items that could work improvement in the greatest herds of the breed. We would appreciate the privilege of retaining him for showing through to the International.

CAMSON COCK ROBIN 8th =329170=

Tattoo AGI 14F right ear

Red, born March 30, 1951, bred by Grant Campbell, Moffat, Ont.

Camson Cock Robin 8th—A good-headed dark red son of Calrossie Cock Robin from a family of Kirkton Augustas that has bred well for Capt. deQuincey of Erimus. Ballathie Command is the outstanding breeding son of the Perth champion, Pittodrie Banker. Also note that Lawton Field Marshal is the sire of the granddam. Thus the granddam is a half sister to Kirkton Baronet. Then the next sire is Calrossie Randolph. Every mating in this pedigree was planned for the improvement of the offspring by men who are truly great Shorthorn breeders.

Augusta Tinkabell—It is often said in Scotland that the late K. P. MacGillivray was a master breeder, and that he was able to breed something into his cattle that made them outstanding. This young cow is the result of planned matings with the best bulls of the breed being used by Mr. MacGillivray. She will be a standout in any breeding herd. Ballathie Command was a top breeding son of the Perth champion, Pittodrie Banker. Lawton Field Marshall was the sire of Kirkton Baronet. Calrossie Randolph was one of the greatest stock bulls used at Calrossie. Her first calf, a heifer, sold to Kenneth Kettenhofen, Deerfield, Wisconsin, for \$1,500. Augusta Tinkabell sells with her third calf, a red bull sired by Calrossie Cock Robin and born March 5th. Rebred to Calrossie Cock Robin since April 19th.

CAMPBELL FARMS THIRD ANNUAL ALL-IMPORTED SALE

Calrossie Dazzler—Sire of the 1950 International grand champion female. We sold Calrossie Dazzler in our 1951 sale for \$5,100 to S. K. Berry, Lashburn, Saskatchewan. Lot 9 has a bull calf at foot by him.

Ballathie Rosewood Rena 5th—Is a maternal sister to Ballathie Rosewood Rena 7th (listed) and is sired by Pittodrie Upright, one of the high priced sons of Bapton Upright. Some alert breeder should buy both. **Red bull calf at foot born May 9th, sire Calrossie Dazzler.** Calrossie Dazzler is the sire of many outstanding cattle and the best known is Tolquhon Dazzling Princess, grand champion female at the 1950 Canadian Royal and the International. Dazzler was imported last year and sold in our 1951 sale for \$5,000 to S. K. Berry, Lashburn, Saskatchewan.

Female

Roan, born February 28, 1950, bred by R. Maclean, North Kessock, Inverness-shire, Scotland; imported December 28, 1950, by Grant Campbell, Moffat, Ont.

Drynie Augusta 55th—The late Ralph McWilliam of Garguston had a great knowledge of Shorthorn cattle, and this young cow is from one of his best producing families. The great Marshall stock bull, Cruggleton Perfect was from the same family. Females by Naemoor Immaculate have been noted breeders and this is probably the last female sired by him that will be imported to America. Magheramorne Commodore was an outstanding stock bull at Garguston. Drynie Augusta 55th **sells with a red bull calf born April 4th, sired by Naemoor Randolph** by Calrossie Baronet out of a Calrossie Randolph dam. Naemoor Randolph is the red bull that Harry Hossfeld of Walkerton, Ontario bought. Rebred to Calrossie Cock Robin.

they're precious
as pearls . . .

The Female—they're more precious than pearls . . .

Our particular affliction is for the female. This is in spite of the fact that the worth of a great breeding bull is beyond evaluation. No bull, however great he may be, can be expected to bring assured improvement alone. Genetically we know that there is an equal inheritance factor stemming from both the sire and the dam. No bull can be fairly judged until he has been mated to some really outstanding females.

In the great herds of Scotland and England, the measure of continued improvement has always been the cow herd . . . and the dominant consideration in the selection of a stock bull has been the dam. In selecting a herd bull, in addition to evaluating him as an individual with his points of strength and weakness, (the perfect beast has not yet been bred) great stress should be laid on his mother and the other females in his ancestry. As a matter of fact we know many of the great breeding bulls of the past have proved to be more the sons of their mothers than their fathers, and this inheritance factor was apparently projected accordingly.

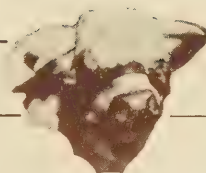

There is no breeder in the land that will not benefit and profit by including some of the good bred females in this sale in his future cow herd. See them—they're more precious than pearls!

Wimple 11th—Is a thick deep bodied young cow with plenty of natural fleshing, that is a three-quarter sister to the dam of Camson Prince Bob, the imported-in-dam bull calf that we sold for \$8,000 in the 1951 Sale of Stars to Mr. George Cox, Femco Farms, Breckenridge, Minnesota. Aikbank Peerless cows make great breeders. **She will have a calf by sale day to the service of Calrossie Cock Robin.**

Camson Prince Bob by Cruggleton Prince Bob. Bought in Sale of Stars by George Cox for \$8,000 by Femco Farms, Breckenridge, Minne-sota. Lot 26 is a ¾ sister to his dam.

The Next Five Females In This Catalog

The next five females listed in this catalog represent a policy which will be followed each year at Campbell Farms. Each year we will retain imported-in-dam heifers from the cows we bring across. The heifer calves from lots 22, 23, 24, 25 and 26 are being retained in the permanent Campbell Farms herd. The sale of these cows enables you to build exactly along the same blood lines as we are.

Saltoun Rothes Queen 12th—This Queen of Rothes family was one of the best at Kirkton and they have bred equally well at Saltoun. It is unfortunate that the calf from this heifer died in Canadian quarantine. Note that she is by Chapelton Royalist, one of Scotland's all time greats. What an opportunity to start a new family in your herd! **Remated to Calrossie Cock Robin on April 27th.**

Augusta Elsa—Of all the good heifers we have imported from Mr. James Durno of Uppermill, we can honestly say that this is one we would most like to retain, but in order to make up the sale number we are including her in this auction. This family has bred well at Uppermill and this heifer doesn't require any extra fattening to be a show heifer. Study this pedigree carefully. This is one that you will want to own. Uppermill cattle have a consistent habit of being great breeders. She will make a great breeding cow. **Mated to Calrossie Cock Robin since March 13th.**
